Annual Report 2021-2022

"When a flowers doesn't bloom, you fix the environment in which it grows, not the flower"

....Anonymous

"Life is not about expecting, hoping and wishing, it's about doing, being and becoming"

It gives me immense pleasure to share the Annual Report for the session 2021-22 as an account of the school operations and achievement throughout the year and the progress the school has made to provide high quality educational opportunities for all the students as set out in the previous plan.

Campus:

Our campus is a vast expanse of over four acres and provides a perfect ambience for an aesthetically chartered school building. Open lawns mark a colourful bonanza of fresh floral bounty. The school has a large building complex with all modern amenities like spacious well ventilated classrooms, with sturdy furniture, extensive display boards and latest teaching aids. At present 57 classrooms are equipped with smart board to facilitate the learning of the students. Another floor on the existing building has already been added to meet the specific requirements of the rooms. Now we have three storey school building. We are planning to purchase 10 more smart boards for the newly constructed floor, Thus, our school is a hub of smart classes.

- **Solar Panel:-** Total 226 panels are installed of 395 Watts with 113 solar edge optimiser inverters of 82.8 KWS, means there is optimiser on every two panels. It is generating 90 KWS i.e. 360 units per day average.
Not only it helps to save electricity but makes a responsible citizen by contributing positively to the environment. A scientific temperament is nurtured through fully equipped and suitably designed laboratories for Physics, Chemistry, Biology, Mathematics and Computers. Students are encouraged to use the facilities for enhancing their innovative and scientific skills.
- The school believes in inculcating and enhancing reading culture amongst its students. The campus lays claim to a trove of 13684 plus books in our library for all the age groups of students and facilitators. It also subscribes to various magazines and periodicals covering varied topics and stocks CD/DVD's with subject related content. As advised by Sh. Mahajan ji, we have added books of the author Jim Corbett and Amar Katha book series recently.

- The school clinic is well equipped to take care of minor exigencies. In case of an emergency, the school takes the ailing child to the hospital while parents are kept informed. Regular medical check up is done by the school doctor.
- The school provides an excellent transport service to ferry the students under the strict vigilance of trained staff. All the buses are equipped with First-Aid-Kit, GPRS Tracking System and CCTV's , bus helper and one female staff.

SAFETY AND SECURITY

Safety and Security of the Children is of paramount importance for the school. We have also strengthened our security measures all around us. Nursery wing has been made completely a Male Free Zone. Entire school building is under CCTV Surveillance. Fire extinguishers are installed on each floor and fire fighting system using water is working well. School has already done the police verification of all support staff. Female attendants have been positioned near the washrooms to guard the area. Female attendants and conductors in the bus carry mobiles to contact the parents in case of emergency. PTI as well as the teachers are pre assigned their duties in different areas such as playground, staircase etc., during lunch break, boarding time apart from their regular scheduled time table. Class teachers have formed the whatsapp group of all the parents of their class. This platform is used to communicate important issues to them.

SCHOLASTIC PLANNING OF THE SCHOOL

We strive to make our students successful learners, confident individuals and responsible citizens. Thus, we are following CBSE guidelines to provide quality education to promote intellectual, social and cultural vivacity among our learners which includes four Periodic Test, Half yearly and Annual Examination.

School almanac and School Calendar containing the whole year planning of activities (Scholastic and co-curricular) is prepared well in advance before the commencement of the new session.

Detailed syllabus along with blueprint of question paper and revision schedule is given to the students in the beginning of the new session.

CBSE has introduced **Vocational Courses** that offer practical skills and hands on training that trains the students for specific jobs. So as per CBSE guidelines this year the school has introduced a wide range of vocational courses for the students of class IX and XI to fill the gap between skill required and skill produced. In **Class IX**, Financial Markets Management, Banking & Insurance, Artificial Intelligence and Information Technology; and in **Class XI** Banking, Financial Markets Management, Food Nutrition and Dietetics are the vocational subjects.

Keeping ourselves up with the pace of modern world, **complete digitization** of the school was undertaken which brought transparency and enhanced communication between parents and teachers. By launching the School APP, the parents, teachers and school itself has numerous advantages as –

- Parents can keep a real time track of the status of their child for daily attendance.
- Parents have a direct access to communicate with the class teacher for regular update of their child.
- Parents and teachers have been brought closer as this software provides direct upload of the daily homework on the online portal.

As a new endeavour, we took a giant leap in the examination procedure by replacing the conventional regime of manually prepared report cards by the teachers with **Computer Generated Report Cards**.

We have already prepared portfolios of all the students. The annual progress record of the students including academic, co-curricular and medical history is kept in the **Portfolios**.

Teachers forecast their detailed weekly planning of their subjects taken in the various classes in the Weekly Diary. They prepare lesson planning of their respective classes a day before teaching in their Planning Register daily, depicting topic to be taught, objective or goal, method of teaching and mind mapping activity to develop thinking and creative skills of the students.

The school diligently follow '**No Homework policy**' from class Nursery to II. To reduce the burden of heavy school bags, new storage racks containing individual storage containers, are installed in **Ashok's Kids Paradise** and in class I and II also. As per the CBSE guidelines to relieve these students from the burden of the exams, the children are being assessed on their day to day performance instead of formal exams. Their reports are being generated quarterly by the teachers on certain competencies in each subject including curricular and co-curricular activities.

Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations. Parents can play an active role in their child's education and can further encourage and influence their child to perform well in school. Thus, **Parent Teacher Meeting** is a regular feature at AMPS. It is a great opportunity for parents as well as teachers to develop a healthy and strong relationship for the holistic development of the students.

No Bag Day

The new educational policy encourages that all student will participate in bagless period. Heavy school bags have been a consistent reason for bad posture and back ache amongst children. Keeping this in mind, AMPS has initiated bagless days for all classes on rotational basis.

In a day, three sections – one from primary, one from middle and one from secondary classes come to school without bags.

Activities like interacting with each other, working in school garden, craft activities like pottery, paper bag making, needle and thread activities, visit to Government School and interacting with the students and even teaching in some classes as requested by the School principal etc. were planned in advance to make it a memorable and fruitful day. These activities will enable them to become more creative and better learners.

SPORTS

“To be a champion; compete; to be a great champion, compete with the best; but to be the greatest champion, compete with yourself.”

As advised by Sh. Mahajan Ji we at AMPS believe that each and every child must participate in sports and physical fitness program planned by the school. Thus sports, games and physical fitness occupy an important place in our curriculum. In the school itself during games periods ‘Test Run’ , Skipping and other Athletic events are conducted on regular basis.

Chess is quite like a brain tonic which enhances concentration, patience & perseverance as well as develops creativity, critical thinking, memory and most importantly planning and foresightedness. Principal initiated the drive in the school to learn each one to play chess including teachers also. Chess boards are being arranged in the school and students are also being encouraged to play chess during arrangement periods.

Our students have shown their mettle by participating in various Games at District level and State level and brought laurels to the school.

Value Education helps the students to develop their character, personality, spirituality & citizenship. Value Education prepares the children to face the outer world with the right values and attitude. In our school, Value education is an integral part of Academics.

The book '**Garden of life**' by Macmillan for classes I to VI is being followed. Teachers are advised to follow the guidelines given in the book. For classes **VII-IX**, special programme developed by **Ramakrishna Mission** is being followed, in which every student is introduced to his/her universal and unique possibilities. They are reminded that they have infinite power of strength, goodness and potential just they need to awaken it by saying "**I CAN**". For class X we follow '**Edu Life**' and for classes **XI and XII** a help book '**The Way to Happiness**' is being used.

To equip the outgoing children of class XII, we are teaching them basic life skills and employability skills also.

The school Value's Enrichment Programme help the students to make genuine connections between their classroom learning, the community and environment around them. Same goes with **Happiness Curriculum** that was introduced by **Mr. Manish Shishodia, Education Minister of Delhi**. Though the programme is limited to Delhi only, still when we heard about the programme, we collected the prescribed books from various classes. All the teachers and incharges studied those books and found them quite useful as they have powerful, effective and age appropriate stories for the children. The books were so influential that we immediately got them photocopied and distributed to all the teachers from class Nursery to VIII. Every morning half an hour specified for the same in which the teachers conduct various activities like mind mapping, meditation, storytelling and discussion on the basis of the stories told to them.

ये नन्हें फूल ही इक दिन नया भारत बनाएँगे

ये नन्हें फूल ही,
इक दिन नया,
भारत बनाएँगे,
इरादा कर लिया है, हम इन्हें ऐसा पढ़ाएँगे

पढ़ेंगे हम कि,
हमको कोई भी बहका न पाए,
पढ़ेंगे हम कि,
हमको कोई भी लड़वा न पाए,
पढ़ेंगे हम कि,
धर्मों के सही पैगाम क्या हैं,
पढ़ेंगे हम कि,
खुदा क्या है, हमारे राम क्या हैं,
ये नन्हें दीप ही,
इंसानियत की लौ जलाएँगे,
इरादा कर लिया है, हम इन्हें ऐसा पढ़ाएँगे

पढ़ेंगे हम तो जानेंगे,
ग़लत क्या हो रहा है,
हमारे बीच आखिर कौन,
नफ़रत बो रहा है,
क़लम की अब लड़ाई
हिंसा और हथियार से है
हमें रहना यहाँ
अब अमन से है प्यार से है
ज़माने को हमीं अब
प्यार से जीना सिखाएँगे
इरादा कर लिया है, हम इन्हें ऐसा पढ़ाएँगे

जो इंसा में न इंसा देख पाए,
वो पढ़ा ही क्या ?
जो इज़्ज़त औरतों को दे न पाए,
वो पढ़ा ही क्या ?
वो पढ़ा ही क्या
अगर डर और वहशत रह गई मन में ?
हम अपने आचरण से ही
सवेरा ले के आएँगे.
सवेरा क्या है सूरज भी
ये अपना खुद उगाएँगे
इरादा कर लिया है, हम इन्हें ऐसा पढ़ाएँगे

पढ़ेंगे वो जो सिखलाए
खुदी पर मान करना
सिखाए देश के आदर्श पर
अभिमान करना
हमीं विज्ञान से
जग को नया विज्ञान देंगे
जहाँ वाले तरक्की में
हमारा नाम लेंगे
ये अपने कल को
अपने आज से बेहतर बनाएँगे
इरादा कर लिया है, हम इन्हें ऐसा पढ़ाएँगे
